## Adjourned Meeting City Council

City Council met in adjourned  
session at the city hall Tuesday  
evening, Feb'y 25th, 1913.

Present: Geo. S. Stone, Presi-  
dent; Councilmen N. C. Hewitt,  
F. B. Pitt, Clay Chadwick and E.  
W. Rountree; Mayor Morton and  
Atty. Spence.

Meeting called to order by the  
President. Minutes of previous  
meeting were read and approved.

On motion the Clerk was in-  
structed to mail statements to all  
persons who have not paid their  
1912 taxes, giving the date on  
which the tax books will close,  
and warning all that there will be  
no extension of time.

The Clerk was instructed to ac-  
cept on behalf of the City Coun-  
cil an invitation from the Florida  
and West Indian Transportation  
Co. to visit St. James City and  
inspect an engine which this com-  
pany has recently installed there,  
and which, it is claimed, affords a  
great saving in fuel. A resolu-  
tion was passed giving the Mayor  
\$1.00 costs, to be added to the  
amount of the fine, for each con-  
viction in the Mayor's court.

On motion the Council adjourned  
until Tuesday, March, 4th,  
1913.

R. K. SEWARD, Clerk.

Apalachicola Times:—Brother  
A. P. Jordan of the PUNTA GORDA  
HERALD, who, by the way, is state  
inspector of foods, in the last is-  
sue of his excellent newspaper an-  
swers the critics who have attack-  
ed him without cause. We con-  
fess to a partiality for the Punta  
Gorda man, because we believe  
him to be honest and straight-for-  
ward, and too big to descend to  
petty spite, but at the same time  
we would not defend him were he  
wrong. We know, however, that  
he couldn't be driven into doing a  
thing that his conscience showed  
him was wrong, therefore we are  
for Jordan in this thing first, last,  
and all the time. Knock 'em, old  
man, hip and thigh.

## An Example

Talking about bonding this  
state for fifty million dollars. A  
gentleman was in this office this  
morning from Sullivan county,  
Tennessee. That county bonded  
three years ago for three hun-  
dred thousand dollars to build  
hard roads.

"The roads were built," said he,  
"and they're hard all right, but  
I'm coughing up eight dollars and a  
quarter every year as my share of  
the added tax, and if my property  
has increased in value since the  
roads were built, I wish somebody  
would show me.

"Sure, they are a fine thing for  
the automobilist, and the compar-  
atively few farmers who live ad-  
jacent to the roads are benefited,  
getting an easier haul to market.  
But so far as the great bulk of the  
population is concerned, the tax is  
burden, off which they would like  
to be relieved.—Orlando Repor-  
ter-Star.

## They Took the Risk

This paper emphatically en-  
dorses the following from the  
Breeze of DeFuniak Springs:

Every "business interest" that  
has invested United States dollars  
in Mexico, did so with the full  
knowledge of what conditions  
were in that country and there is  
no good reason why good Ameri-  
can blood should be spilled to pull  
their chestnuts out of the fire. So  
far as the Mexicans themselves  
are concerned, it is their quarrel  
and there is no more reason why  
we should interfere than there  
would be in France or Germany,  
but we will have to do it on ac-  
count of our position under the  
Monroe doctrine on account of the  
investments of foreign capital  
which was placed under the same  
conditions as those of this country.  
It will be "a rich man's war and a  
poor man's fight" with a ven-  
geance.

Leesburg Commercial:—Talk-  
ing of making Bill Knott governor  
is very agreeable to his many  
friends in Lake and in the old  
State of Sumter. We believe Jor-  
dan, of the PUNTA GORDA HERALD,  
is responsible for the latter ap-  
plication, and it is one that always  
struck our fancy. Jordan at one  
time lived in Sumter, and he liked  
the county and the people to such  
an extent that he decided to make  
a State out of it. Since thinking  
of it we are reminded that Bill  
Knott once lived in Sumter Coun-  
ty and the mention of his name as  
governor is so promising that we  
naturally conclude there is some-  
thing prophetic in the application  
evolved from Jordan's brain a  
quarter of a century ago.

Florida is first in equable clim-  
ate, oranges, high-grade cigars,  
grapefruit, pineapples, celery,  
strawberries, lettuce, bananas,  
phosphate, tourist hotels, fuller's  
earth, game fishing, sponges, for-  
est trees, naval stores, extent of  
coast line, nearness to Panama,  
sunshine, year-round farming, cur-  
rent development, opportunities,  
good home sites.—Tampa Tribune

## To Our Friends and Neighbors

You know us. You know we would not—that we could not  
afford to go back on our word. Nor can you afford to ignore  
this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the  
best bowel remedy ever made—the  
most pleasant-to-take, most per-  
manently beneficial laxative for relief  
from the miseries and dangers arising  
from constipation.

We wouldn't say this if we didn't  
believe it to be true. We wouldn't  
risk our reputation by making such  
statements did we not feel sure you  
would find them true.

Our faith is built both on the  
knowledge of what Rexall Orderlies  
are made of and on observation of  
very many severe cases in which they  
have proven their merit.

### Try them at Our Risk

If they do not abundantly prove  
their merit with you also—if you  
are not entirely satisfied with them—  
we will refund your money—and we  
will do that on your mere say-so.  
We don't ask you to risk a penny.  
Isn't that fair?

Just let the bowels fail in properly  
doing their work—just let their  
action be delayed and incomplete  
and the entire system and every  
other organ suffers. Wastes that

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all drug-  
gists. You can buy Rexall Orderlies only at The Rexall Stores.  
You can buy Rexall Orderlies in this community only at our store:
